2	it was good planed and organaized	8/28/2019 2:00 PM
3	Good course, good organization. Three things to improve: 1 - have complete podium ceremonies for all categories (1/2/3, not just 1); 2 - for skater bag storage and changing, have tents/shelter and off-ground support, critical in case of rain; 3 - during registration collect marathon performance information to assign starting slot otherwise first time registrants cannot be in the 1st bloc even if they deserve to.	8/28/2019 12:26 PM
4	why is there no prize for other distance winners?	8/27/2019 7:55 PM

2	I did not use the service points, but I noticed water cups were being given, where bottles would be better as handing out the water cups results in water spilled all over.	8/28/2019 12:26 PM
3	It would be nice for service people to understand how to give water to moving person. Some instructions and basing training	8/27/2019 10:20 PM

1	Better than nothing, but spills water everywhere upon handout to skaters.	8/28/2019 12:26 PM
2	Better use bottles	8/27/2019 9:47 PM
3	If You give a cup of water then the person should be moving to adapt a little to the skaters speed, not to spill water	8/27/2019 8:01 PM
4	I didn't get a chance to use them though the fact that you started using reusable cups is great!	8/27/2019 6:40 PM

8	Great marathon: challenging but a lot of satisfaction at the end. Very good job from the organizers.	8/27/2019 10:26 PM
9	As always it was pleasure to participate. Great event! Would be perfect to instruct photographers to take pictures where action is. Too many pictures from turns where everyone is resting. The best place is where everyone is sprinting - let it be finish or anywhere else on the track. Better photos, bigger profit ;)	8/27/2019 10:20 PM
10	Everything was great) But sometimes I miss about sprints on Saturday before marathon)	8/27/2019 9:47 PM
11	Big thanx to organizers for nice event!	8/27/2019 9:42 PM
12	I didn't like the system, that skaters are put in the start according to their registration numbers. I think it should be taken according to the time skater is possible to finish the marathon. If I'm able to finish marathon in 1h 25min, but I start in the end with the weakest skaters it takes more time and energy to catch up others.	8/27/2019 8:01 PM
13	Great event!	8/27/2019 7:55 PM
14	Very good event! This was my 5th marathon. Every year i can not wait to go to Tartu marathon! Keep on going like that! Thanks!	8/27/2019 7:50 PM
